_____	_____ ¼ of the _____ 1/4	_____	_____
_____	_____ ¼ of the _____ 1/4	_____	_____
		Attach additional sheets, if necessary	

You **must** attach to this worksheet:

A photocopy of the complete NEW recorded warranty deed(s), OR land contract, OR other transferring document. Also, please attach a copy of the Farm Service Agency (FSA) forms related to the transfer.

The information on this form is entered into the Wisconsin Department of Agriculture, Trade and Consumer Protection's database to track ownership of land under a CREP 15-year agreement/perpetual easement. CREP perpetual easements go with the land and are recorded in the county register of deeds office.

The Conservation Reserve Enhancement Program (CREP) is a cooperative effort by DATCP, Counties, and the USDA Farm Service Agency (FSA). Landowners purchasing property included under a CREP 15-year agreement should also contact the local USDA – FSA office to transfer the records for the federal portion of the program to the new landowner. State CREP payments are made up-front at the beginning of the contract, through the county, whereas federal USDA CREP payments are made annually for 14 or 15 years depending on the start date of the federal CRP contract.
